

Birth Pool Hire

I agree to:

- Pay a hire charge of £30 per hire
- Provide a deposit cheque for £100 which will be returned to me on return of the pool

I agree to the following conditions of hire:

- The pool may be hired from the 38th week of pregnancy
- The pool must be stored indoors at room temperature at all times
- The pool must be used with a liner which can be purchased from The Good Birth Company online (use code HB107A for 10% discount)
- The pool is used at my own risk but must only be used with midwife support
- The pool must be returned as soon as reasonably possible after my baby's birth
- The pool must be totally cleaned and dried before it is returned. (Please refer to the Good Birth Company guidelines for the standard required)

Name (PRINT).....Date.....

Signature.....

Address.....

.....

.....

Telephone No.....

PLEASE NOTE: You will also require a clean hose that attaches to your tap and a waterproof/floating thermometer (available very cheaply on ebay!) to monitor the water temperature. Additional items such as buckets and towels may be useful. You can find more advice and information regarding home water birth at <http://www.homebirth.org.uk/water.htm>.
